To Whom This May Concern;

It is my pleasure to recommend Gotham Telecom. During the past several years our team has worked directly with Gotham on numerous telecommunications auditing projects. Across the board, we were always pleased with their work. Their attentiveness and work ethic has been excellent. At times it feels as if we are their only customer. I've never had any complaints regarding their services.

One project in particular illustrates their attention to detail and concern for quality. For our mobile account they were able to suggest and arrange deductions that will result in a savings of approximately \$20,000 over the next several years.

I recommend Gotham and look forward to working with them on upcoming projects.

Sincerely,

Rich Colbert
Sr. Director of National
Field Infrastructure
